MORE ENTERTAINMENT FOR THE ASKING

Control your entire home entertainment experience without lifting a finger. With Harmony and Amazon Alexa or Google Home, you can enjoy easy, hands-free control of all the things you love. Turn on your TV, change channels, control volume, or start an Activity like “Good Morning” to play a favorite music playlist, raise the blinds, set the lights, and warm the house temperature. Your voice makes it all work, just like magic.

WORKS WITH YOUR ENTIRE UNIVERSE

Harmony Pro works with over 270,000 entertainment and smart home devices, from TVs, cable and satellite receivers, Blu-ray players, AV receivers and soundbars, to media streamers such as Apple TV®, Roku® and Amazon™ Fire TV. Plus it works with the latest smart home solutions from Nest, Philips Hue,™ Lutron®, Honeywell®—and others—and can even integrate voice control from Amazon Alexa.

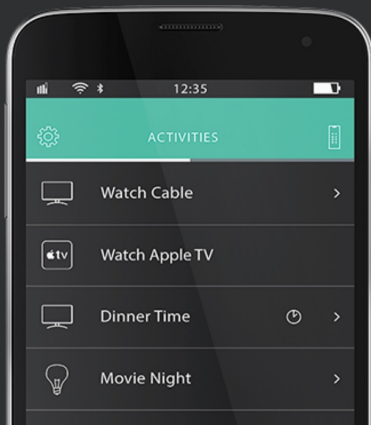

UNLIMITED ACTIVITIES

Lower the blinds, dim the lights, fire-up the TV for movie night—all with a tap of the finger. With Harmony Activities you can enjoy single-touch automation to suit activities like music night, game night, date night and more. There's no limit to the number of Activities you can set up. Complete control of every feature of every device is always possible from the remote or iOS® and Android™ apps for mobile phones and tablets.

HARMONY APP

Turn your smartphone or tablet into a universal remote (iOS/Android only). Change channels and volume, set up to 50 channel favorites, or trigger multi-device Activities, even when you're away from home.

“Alexa, turn on the TV”

“Ok Google, ask Harmony to turn on sports”

HARMONY HUB

Harmony Hub centralizes command of all your devices by controlling them with IR, Wi-Fi® or Bluetooth® wireless signals. You can hide away the cables and receivers and control everything from behind closed cabinets and doors.
